Session 1	There's Power in the Pivot ... Table that is!	
	In this hands on session you will learn the power of pivot tables! What's a pivot table, you ask? It's in Excel and it's used to summarize, sort, reorganize, count, total or average data stored in a table. Having data is one thing, knowing how to properly organize it is another. Bring your laptop because this is a hands on session!
