## STATEMENT OF ETHICAL BEHAVIOR AND CODE OF PRACTICES

As the South Carolina Association of Student Financial Aid Administrators (SCASFAA) enters into its second 50 years, it is appropriate to note how the general perception of financial aid administrators (association members) has changed. In 1966, these individuals were *charged with the job* of administering student financial aid on a campus. Today, aid administrators are *recognized professionals within a career field* that encompasses responsibilities which extend not only across campuses and but also throughout the domain of higher education. In order to ensure upholding the commitments and the level of professionalism believed required to maintain this status, SCASFAA charges its membership with adhering to the following **Statement of Ethical Behavior** and employing the standards and values put forth in its **Code of Practices**.

### Codes of Practices

In order to maintain an appropriate and responsible level of professional recognition, SCASFAA members are expected to commit to:

1. Including one or more of the following in the mission or goal of every financial aid program or initiative they undertake: increasing access to higher education, simplifying student aid systems and/or processes, and/or minimizing educationally related indebtedness.
2. Striving, through efforts to advocate for students' best interests and remove the financial barriers they face, to provide both access and choice to those seeking postsecondary educational opportunities.
3. Giving primary emphasis to policies and procedures, presented as simply and concisely as possible, which support meeting the financial needs of low-income, underrepresented, and underserved students through the awarding of grants, student employment, loans, and scholarships.
4. Striving to provide, in the manner deemed best for educating and enhancing the ability to make well-informed decisions, thorough, transparent, and clear information about financial aid opportunities, application requirements, eligibility, awarding, and disbursement.

5. Striving to demonstrate consistency in the development of policies, procedures, and administrative practices while following principles that do not discriminate or reflect any bias.
6. Striving to accentuate the responsible management of educational expenses and debt as a part of providing financial education for students and families.
7. Ensuring that the privacy of all written and spoken records pertaining to individual students and their families be maintained and that dealings related to students' needs remain confidential and uncompromised by the interests and demands of others.
8. Striving to earn and maintain the trust and confidence associated with the professional administration of financial aid by always dealing with others honestly, fairly, and with the intent of completing every commitment made.
9. Fostering and respecting the diverse viewpoints of others within the profession by promoting the free expression of ideas and opinions.
10. Striving to support actions and recommendations with research and data analysis whenever possible.
11. Striving to ensure that all financial aid related consumer information is not only provided, but easily found and identified.
12. A standing committee consisting of administrative officials, faculty, students and a representative of the financial aid office should function at each institution to establish the overall financial aid policies. It may also serve as a Board for students who wish to appeal financial aid decisions. Policies and procedures to protect students' rights should be developed and clearly stated.
13. The procedure for applying for financial aid should be as simple and concise as possible.

## STATEMENT OF ETHICAL BEHAVIOR

All SCASFAA members are expected to maintain the highest level of ethical behavior and to refrain from any conflict of interest or perception thereof. SCASFAA members and parties affiliated with the Association are required to maintain the highest level of professionalism and to reflect a commitment to maintaining responsible and compliant financial aid administration, providing the highest quality of service to all individuals and constituencies requesting their assistance, being good stewards of the funding for which they have oversight, and upholding and promoting the purpose and goals of the Association. The Association Executive Board reserves the right to refuse or cancel any membership and/or to refuse vendor or exhibitor support if it is deemed that the highest level of professionalism and commitment to these standards is being breeched or threatened.

1. The President will recommend to the Budget Committee at the beginning of his or her term in office the amount of funding to be set aside in the operating budget for SSS awards during his or her term in office. Individual scholarships will be valued at \$1,000; no fewer than one (1) or more than five (5) scholarships will be funded for awarding annually.
2. Scholarship funding will be awarded to member institutions so that they can select scholarship recipients. The selection of the institution(s) that will receive funding for the awarding of SSS awards will be done through a drawing conducted by the President-Elect each year at the annual conference as noted in #3.
3. The name and the institution represented by each elected Executive Board member, appointed committee chairperson and active committee volunteer will be entered into a drawing. The committee chairperson will determine whether a volunteer has been active by considering whether the member participated and contributed in some manner to the committee's activity during the past year. Multiple participations will be given multiple entries into the drawing (e.g. if a member is an elected officer and actively serves on three committees, his or her name and institution will be entered into the drawing four times). Only the names of individuals employed at educational institutions actively enrolling students at the time the selection pool is created will be entered into the drawing. Preparation for and administration of the drawing at the annual conference will be the responsibility of the President-Elect or his or her designee.
4. Scholarship funding will be provided to the selected member's institution prior to the close of the current fiscal year.
5. Scholarship recipient selection will be made in accordance with the selected institution's general scholarship guidelines for similar one-time awards. It is SCASFAA's intention that SSS awards be provided to the selected student recipient for enrollment period or periods prior to the next annual

conference. SCASFAA's only restrictions for selection of the award recipient are that they be a South Caroling resident, be a full-time student enrolled at the awarding institution, and be meeting the institution's satisfactory academic progress policy for eligibility for federal student aid. SCASFAA also asks that the recipient acknowledge receipt of the scholarship funding in writing to the Past President of SCASFAA during whose term the funding for the award was made available.

6. An annual accounting of prior year scholarship awarding will be made by the President-Elect at the annual conference and through other means of communication (i.e., blog, social media).

Only expenses identified through the budget process or specifically authorized by the Executive Board may be paid by the Treasurer or may be reimbursed to individuals submitting claims. The section "Reimbursable Items:" identifies specific expenses covered by the Association.

In order to facilitate efficient administration of Association travel, the following procedures have been adopted.

### 1. Manner of Payment

Unless an advance is authorized by the President, travel will be on a reimbursement basis. Travel claims will be paid by the Association Treasurer. The Treasurer is authorized to disallow any travel claims or portions thereof that are judged, in consultation with the President, to be unreasonable. A Travel Expenses Voucher that indicates the purpose of the meeting must be completed and submitted with a copy of the meeting details. All claims must be submitted within 30 days of the time travel was undertaken. Claims not submitted within 30 days may be disallowed.

### 2. Reimbursable Items:

#### a. Travel

- i. Private auto mileage at the rate of \$0.35 per mile, not to exceed the cost of air coach. If the traveler chooses to travel by personal vehicle instead of by air (for trips that exceed 500 miles round trip) reimbursement cannot exceed the cost of a coach-class ticket.
- ii. Air travel will be reimbursed for coach travel only. A copy of the airline ticket must accompany the travel claim.
- iii. Incidental expenses for taxis, airport buses and airport limousines will be reimbursed at actual costs, including tip if appropriate. Receipts or copy of tickets, exceeding \$10.00 must be submitted with claim.

#### b. Lodging

- i. The actual cost of lodging, not to exceed the single room rate at the hotel/motel where lodged, will be paid. Receipts from the hotel/motel must accompany the claim.

#### c. Meals

- i. The cost of meals will be paid not to exceed \$43.00 per day. For fractional portions of a day or if meals are provided, the \$43 limit will be prorated as follows:
  1. \$8 for breakfast, if you depart before 6:30 AM and return after 11:00 AM

2. \$10 for lunch, if you depart before 11:00 AM and return after 1:30 PM
  3. \$25 for dinner, if you depart before 5:15 PM and return after 8:30 PM
- d. Fees
    - i. Actual costs of conference and registration fees will be paid. Upon approval of the President, such fees can be paid in advance if requested on an official conference registration form.
  - e. Rental Auto
    - i. Use of a rental automobile must be approved in advance by the President or Treasurer.
  - f. Miscellaneous Expenses
    - i. Miscellaneous expenses, such as those listed below will be reimbursed. Receipts for expenses exceeding \$10.00 should accompany claims.
      1. Telephone calls necessary for Association business
      2. Tips, other than for meals or beverages
      3. Limousines, taxis, parking, etc.

### **3. In-State Travel on Behalf of the Association by Officers, Committee Chairs and Committee Members**

- a. The Association will partially reimburse mileage expenses from home institutions for officers, committee chairs and committee members, upon request, for attendance at officially called committee meetings and for officers and committee chairs at Executive Board meetings held separately from conferences. Committee chairs should schedule meetings in locations that will minimize travel for committee members.

Reimbursement may not be requested for travel when a committee meeting is held in conjunction with a major Association function (such as the Annual Conference, Decentralized Training, etc.). In addition to the above restrictions, private auto mileage at the rate of \$0.35 per mile may be requested if:

- i. Round trip travel equals or exceeds 50 miles, and
- ii. The appropriate committee chair has budgeted for travel and has funds available, and
- iii. The member's institution/agency is unwilling/unable to reimburse the travel expense.
- iv. The request is submitted within 30 days of the meeting.

This section does not apply to travel covered under other sections of this manual. The President may approve travel reimbursement for other situations not covered by this section on a case-by-case basis.

### **4. Travel allowances shall be reviewed annually and increased as appropriate.**

*Note: On June 26, 2007 the SCASFAA Board adopted temporary, working Sponsorship Guidelines that shaped the sponsorship activities for the 2007-08 year. This was done to accommodate the fluid nature of events that transpired during the course of the year. Those Sponsorship Guidelines form the basis for the attached policies and procedures.*

**1. Committee Name**

The name of this committee shall be Sponsorship.

**2. Committee Composition**

The committee shall consist of the chair and as many association members as needed, to be determined by the chair. Membership on the committee may consist of affiliate members of the Association who are employed by sponsoring organizations. These affiliate members shall comprise no more than 50% of the Sponsorship Committee. The committee chair shall make the final determination on tier pricing recommendations, which will be presented to the Executive Board for approval.

**3. Purpose**

The purpose of sponsorship committee is to assist the association with financial support in order to provide quality conferences, training activities, and professional development opportunities at reasonable costs. All sponsorship- related activities must be conducted through the sponsorship committee. Sponsors are expected to adhere to the association's policies and procedures.

**4. Sponsorship Rate**

The assessed sponsorship rate shall be determined annually by the Executive Board prior to, or at the annual transitional meeting. This determination shall be for the following year. This enables the Sponsorship Chair to conduct the sponsorship committee's solicitation and related activities for the new year without delay at the beginning of the year. The specific sponsorship packages and rates, as approved by the Executive Board, should be recorded in the board meeting minutes and should also be included in the Sponsorship Chair's archive information.

The annual sponsorship rate shall include a combination of the following, depending on the level of sponsorship chosen:

- One exhibition space at the association's annual conference
- Exhibition space may be designated as premium or non-premium
- Advertisement on the association's blog

- Advertisement on the association's web site
- Advertisement in the association's annual conference program
- Placement of marketing material (i.e.: flyer or brochure) in each conference attendee's registration packet
- Opportunity to moderate or present on industry-specific topics at the conference at the request of the conference committee
- Opportunity to attend and/or participate in select professional development training sessions (i.e.: New Aid Officer's Workshop, Leadership Symposium) at the request of the professional development committee
- Opportunity to submit industry-related articles for the SCASFAA blog
- Opportunity to sponsor and/or present an industry-specific training webinar for SCASFAA members
- Conference registration/attendee listing (consisting of names and email addresses) approximately three weeks prior to the conference, a second listing two weeks prior to the conference and a final listing after the conference

Advertising size, shape and placement shall be at the discretion of the Conference Chair for the conference program, and the Chair of the Electronic Services committee for the blog and web site ads in consultation with the Sponsorship Chair.

## 5. Policies

### a. Advertising

Advertising in the association's blog, website, and/or annual conference program will be included as part of the annual sponsorship options.

### b. Complimentary Membership and Conference Registrations

There shall be no complimentary membership in the association offered to any sponsor resulting from their sponsorship commitment. Employees of sponsoring organizations will need to follow regular membership application procedures and pay the association's membership fee. This process is provided for on the association's web site.

In general, there shall be no complimentary conference registration offered to any sponsor resulting from their sponsorship commitment. Sponsors will need to follow regular conference registration procedures and pay the association's conference registration fee for all organization representatives attending the annual conference. This process is also provided for on the association's web site.

In recognition of sponsors who choose to support the association at the top level (tier) of sponsorship, the association may offer a complimentary conference registration for one organization representative attending the annual conference. The chair of the sponsorship committee shall coordinate such complimentary conference registrations with the sponsoring organization's representative, the conference committee chairperson, and the association's President and Treasurer.

### c. Door Prizes

Sponsor-provided door prizes and scholarships will not be permitted at any conference or association sponsored event.

d. **Limitation on Marketing Items during Events**

At the annual conference or any association event, sponsors are prohibited from providing any marketing items with a value in excess of \$10. Items of nominal value such as pens, pencils, note pads and other office supply- type items are acceptable as long as their value is under \$10.

e. **Sponsored Food/Beverage Events**

If a sponsor wishes to provide any type of food or beverage event for an association event, the event must be open to all attendees or members. Additionally, it must be clear that all attendees or members are invited and no limited, targeted or special invitations shall be permitted. Should a sponsor wish to do this, it must be approved by the association President and Sponsorship Chair at least two weeks prior to the event and communicated to the attendees or membership. Any such events must be executed through the association.

f. **Sponsor Provided Dinners/Lunches/Other Activities at Association Events**

Sponsors are not permitted to provide any type of meal, entertainment, or other recreational event to members either on- or off-premises during an association sponsored event, other than one that is provided for the entire membership as stipulated under these policies.

g. **Sponsorship Recognition**

The association wishes to recognize the support that it receives from our sponsors. We will print a list of sponsors in our conference program in alphabetical order with no specific designation other than the sponsors' name. We will do likewise with other association sponsored training events and workshops as appropriate. We will also list the sponsors' names on our web site.

h. **Right of Refusal**

The association reserves the right to refuse sponsorship to any entity for any and all association-related activities

6. **Accessing Sponsorship Information through the Web**

The Sponsorship Chair will update the sponsorship section of the association's web page each year. Information for the Sponsorship section, including the on-line sponsorship form should be provided to the chair of the Electronic Services committee for posting to the web site. Planning for these changes should occur well in advance of the beginning of the new fiscal year, ideally involving the current Sponsorship Chair and committee and the incoming Sponsorship Chair and committee when possible.

Shortly after the start of the new year (July), the Sponsorship Chair will send e-mail notices to all potential sponsors for the upcoming year. The e-mail will provide the sponsors with relevant information about sponsorship for the year, and also direct them to the Sponsorship section of the association's web page.

Sponsors will access all sponsorship information, including selecting and completing their sponsorship commitment through the association's web site.

The site will provide sponsorship information and policies and an on-line form that will permit the sponsor to commit to their sponsorship. The sponsorship form will serve as the sponsors invoice, and a copy should be mailed to the Treasurer or Treasurer-Elect as indicated, along with the sponsor's remittance. The Sponsorship Chair will work very closely with the Treasurer or Treasurer-Elect to ensure payment is received in a timely manner.

## **7. Exhibiting**

### **a. Additional Space**

If space permits, requests for additional exhibition space beyond one booth space must be made to the Sponsorship Chair and an additional charge will be assessed. The charge will be set by the Sponsorship Chair with the approval of the President and Treasurer.

### **b. Exhibition Management (Drayage)**

At some conference venues, the hotel may require that the entire exhibition process be coordinated by an exhibition or event management company. The Sponsorship Chair, in concert with the Program Chair should ascertain the specific exhibit policy of the host hotel and then coordinate the activities in accordance with the hotel policy.

### **c. Exhibitor Shipping of Materials**

It will be the responsibility of the Sponsorship Chair to inform the exhibitors of the relevant information regarding the shipping of exhibitors' materials whether it be direct shipping to the hotel, or an exhibition management company used by the conference hotel.

### **d. Exhibit Layout**

The Sponsorship Chair, in concert with the Program Chair, should design and produce an exhibit layout showing the exact location and placement of the exhibit spaces. Careful attention should be paid to locating the exhibit space in an area of heavy traffic or within close proximity of the session meeting rooms.

## **8. Special Projects**

Sponsorship may be sought to offset costs of special projects at the discretion of the President and Executive Board.

6. Cardholders shall surrender their cards to the Treasurer within 10 days of the expiration of their term of office or at the direction of the President, whichever occurs first. In those years when the Treasurer's position changes, the outgoing Treasurer is responsible for collection and redistribution of all credit cards.
7. Charging personal expenses to the credit card is prohibited and fraudulent use could lead to prosecution.
8. Violation of card use policies may result in cancellation of credit card privileges. The Treasurer is responsible for notifying the Executive Board of misuse of the credit card, and the Executive Board has the sole authority to suspend privileges.

Since the strength of an organization is reflected in those who lead, the Association encourages all Active members to serve in leadership positions. It is the policy of the Association to seek out and encourage its best-qualified members to run for office in the Association. Responsibility for adherence to this policy is housed with the Nominations and Elections Committee.

To facilitate maintenance of a sound and equitable nomination process, the following procedures have been adopted:

1. The chairperson of the Nominations and Elections Committee shall be the Immediate Past-President. If the Immediate Past-President is unable to fulfill these duties, the President shall appoint a substitute Chairperson with the approval of the Executive Board.
2. The Chairperson of the Nominations and Elections Committee shall establish a deadline and solicit nominations from the membership through all appropriate means. An announcement calling for nominations shall be made available to the membership prior to September 15.
3. The Committee must present to the Association a dual slate of candidates for all offices for which at least two nominees agree to run. A candidate for office shall not serve as a member of the nominations and elections committee. Should this occur, the nominated individual should resign from the committee (if s/he agrees to run) and the Chair of the committee shall seek out a substitute to the committee.
4. Once the Committee has developed its list of qualified individuals, the Committee shall contact the top two individuals to determine if they will accept nomination and run for office. If one or both individuals decline the nomination, the Committee will then contact the other nominees in order as they appear on the list. If sufficient individuals have not been nominated in order for the Committee to present a nominee for each office, the Committee shall approach any active member whom the Committee feels is qualified for that office to determine if they will accept nomination.
5. Once the Committee has determined its slate of candidates for office, the Chairperson will forward this slate to the President. The slate shall be presented to the Board as a committee recommendation prior to being announced to the general membership
6. Upon completion of the nominations process, the Chairperson shall forward to the Chairs of the Electronic Services and Communications Committee the slate of candidates and the copy-ready

biographical information and statements of candidacy provided by each candidate for distribution to the membership prior to the Annual Meeting. The Chairperson shall also announce that nominations will be accepted from the floor for any office so long as those individuals nominated on the floor can supply the required biographical information and written statement of candidacy to all members present.

7. Upon their acceptance, the Committee will provide each candidate a copy of the currently approved Campaign Guidelines.
